

**Hickory Woods Campground Inc.  
Architectural Improvement Application**

An application form should be submitted for **tree removal** as well as **any construction or addition to the exterior of camper, barn/shed, building, decks or grounds**. If in doubt about your particular project, contact any member of the Board of Directors.

The object of requiring an owner to file an improvement application with the Board of Directors is to insure your planned improvement conforms to the campground rules and regulations, enhances the beauty of the campground and in no way inconveniences your fellow campers. It also enables the board to determine what information and assistance it can give in order to expedite completion of your planned improvement. A copy will be on file in the office.
